CINCINNATI, August 26.—The Gazette has received a special despatch from Atlanta, which says that General Kilpatrick has destroyed the Macau railroad in two places, tearing up about fourteen miles of track.

He also captured and burned a train of supplies belonging to the Rebels en route to Atlanta.

On his return he met the Rebels in strong force and totally defeated them, capturing four stands of colors, six cannon, and two hundred prisoners.

Afterwards he met another force of Rebels who pressed him so heavily that he was obliged to abandon all but two guns and most of the prisoners. He made an entire circuit of Atlanta, and reached Decatur with 100 men. He inflicted severe damage on the Rebel communication.

WASHINGTON, August 27.—The Star says—

The mail steamer *Vandalia*, from City Point, reports that on Thursday a division of the 2d Corps, moving out past the extreme left of Warren's Corps in the vicinity of Reams's Station on the Weldon road, was attacked at about 9 o'clock in the morning by a large force of the enemy, supposed to have been Hill's entire corps, and were compelled to fall back, which they did gradually, dispersing every inch of the ground, and fighting for most of the distance hand to hand.

At 4 o'clock, when our informant left the field, the fight was still progressing, but our men had reached a secure position, and movements on our side were being made calculated to put the enemy specifically on the "retrograde" in turn.

The losses were believed to be considerable on both sides. It is reported that we lost three batteries, among them Sheep's celebrated Massachusetts battery, the captain of which was won over in the day in the right arm, but who gallantly kept the field until the afternoon, when he became weak from the loss of blood.

This battery lost severely in men, and upwards of fifty horses.
